Working Hours, Vacation and Sick Leave

Hanse Finanzservice GmbH (fictional sample company)

Working hours

Regular working time is 39 hours per week. We use flexitime with core hours from 10:00 am to 3:00 pm (Fridays until 1:00 pm).

Working time is recorded in the time tracking system 'TimeHub'.

Home office

After onboarding (usually after four weeks), you can work from home up to three days per week. Agree the details with your team.

There is a one-time allowance of 300 euros to set up your home office.

Vacation

Full-time employees have 30 vacation days per year. December 24 and December 31 are additional days off.

Vacation is requested in the HR portal and approved by your manager. Please request vacation longer than one week at least four weeks in advance.

Remaining vacation days can be taken until March 31 of the following year.

Sick leave

If you are sick, inform your manager and HR (sickleave@hanse-finanz.example) before 9:00 am.

From the third day of illness, a doctor's certificate is required. The electronic certificate (eAU) is sent by your health insurance; you do not need to send it yourself.
